

# Join your new and improved local ShopWatch Network **Now!**

- Have you been the victim of crime?
- Are your business premises susceptible to shoplifting?
- Do you have problems knowing which customers to serve?
- Have you ever needed someone else to report an emergency on your behalf?

• If you answered yes to any of these questions you may need to Join the Waltham Forest Shop Watch instant Communications network and stay in touch with your community.

The Shopwatch radio scheme was established in 2006 in partnership with Waltham Forest Council. As technology has developed the upgrade of all the handsets from the existing scheme are nearly complete and business are now taking advantage of Push to Talk (PTT). This is a converged mobile cellular and two way radio communications service designed to keep you connected and in touch with the groups of people that are key to you and your activities, whether they are the local MET Police Safer Neighbourhood Team, the CCTV monitoring base station, other local stores, pubs and licensed premises or even just your colleagues and your team.

PTT service makes group communications across mobile wireless GPRS and broadband IP networks a reality. Push the button on your phone and you can talk to anyone on the network as a group or individual, instantly, in real time, wherever you or they are.

### Key Benefits:

Presence:

Emergency:

Local:

Audit time:
