As part of the London Borough of Waltham Forest's drive to support local businesses we will be launching our own supplier portal shortly to assist suppliers in accessing Council contracts.

As a local business you can register your organisation's details on the portal, receive alerts when contract opportunities become available and view all of the Council's tenders and contracts. We wish to invite local suppliers to the launch of the system and to hear more about winning council contracts.

For all your enquiries, and to confirm your place, please email Rosalind Zalicks on 020 8496 4645 or email rosalind.zalicks@walthamforest.gov.uk
